*The National Center for Missing and Exploited Children® (NCMEC) was established in 1984 as a private, nonprofit 501(c)(3) organization. NCMEC provides services nationwide to families and professionals relating to preventing the abduction and sexual exploitation of children. Pursuant to its mission and congressional authorization (see 42 U.S.C. § 5773), NCMEC operates the CyberTipline® and the Child Victim Identification Program to provide assistance to law enforcement and others in their efforts to identify and rescue victims of child pornography and child sexual exploitation. NCMEC also works with electronic service providers, electronic payment service providers and others in their efforts to reduce the distribution of child sexual exploitation images and videos on the Internet. NCMEC does not investigate and cannot verify the accuracy of information it receives. NCMEC makes available reports of apparent child sexual exploitation to law enforcement for its independent review and analysis.*

As the sanitized files were submitting via email, I performed a visual review of the files which were saved to the electronic filing system.

There was one file which appeared to contain a child victim who has been identified by law enforcement.

The following file appears to be from the "Colourful Bedroom" series:

"409277812.jpg"

The following 'Child Identification Report' will list the series name and the law enforcement point of contact who is providing age verification for the child.

## Series Law Enforcement Information

---

### Child Identification Report

The following Child Identification Report lists the specific file name(s), the corresponding series name and the law enforcement point of contact who is providing age verification for the children. It is the responsibility of the submitting agency to contact the listed law enforcement contact(s) for verification and identification of the child victim(s).

Due to the sensitive nature of the information requested, please refer to the instructions below to ensure the series points of contact are able to validate the request.

- \* When reaching out to a point of contact for additional information, whether by email or phone, please provide the NCMEC **TA Report #**, seen on the next page.
- \* If the request is made via email, please use your Agency email account or the same email account provided to NCMEC/Child Victim Identification Program at the time of request. Please make all attempts to not use personal email accounts such as Yahoo, Hotmail, AOL or Gmail. These personal accounts may be regarded as spam by some filtering programs, and may be viewed as "an unofficial request" by the recipient.

Adhering to these guidelines will allow the series points of contact to validate and respond to your requests quickly.

CVIP recommends requesting an affidavit from the law enforcement point of contact as the first step in verifying the image.

Based on the demands placed on series point of contacts, *we ask that you reserve serving a subpoena as a last resort.*

Within the Child Identification Report, you will find fields titled "State" and/or "Country". This information indicates the jurisdiction where the image/video files were produced and is provided to demonstrate the distribution of files. Additionally, "Multiple Jurisdictions" indicates multiple victims and/or jurisdictions of production while "Unknown Jurisdiction" indicates that CVIP has not been provided this information. All information regarding the distribution of files should be verified by the series law enforcement point of contact.

Please contact CVIP at [cvip@ncmec.org](mailto:cvip@ncmec.org) or 1-877-446-2632 ext. 6705 with any additional questions.

Please treat all information contained in this report as law enforcement sensitive information and do not share any contents of this report with persons unrelated to the criminal investigation or any resulting criminal prosecution.

### Additional Case Details

CVIP received an email from the submitting agent containing five (5) sanitized image. A formal request was made that the files be reviewed for any known child victims that were identified by law enforcement in past investigations.

The email request and the sanitized images have been saved to the electronic filing system.

"Good Morning,

Please view the attached sanitized images for possible child identification. All five images are connected to Cybertip 3320099.

Thank you!

As the sanitized files were submitting via email, I performed a visual review of the files which were saved to the electronic filing system.

There was one file which appeared to contain a child victim who has been identified by law enforcement.

The following file appears to be from the "Colourful Bedroom" series:

"409277812.jpg"

The following 'Child Identification Report' will list the series name and the law enforcement point of contact who is providing age verification for the child.

### Child Identification Report

The following Child Identification Report lists the specific file name(s), the corresponding series name and the law enforcement point of contact who is providing age verification for the children. It is the responsibility of the submitting agency to contact the listed law enforcement contact(s) for verification and identification of the child victim(s).

Due to the sensitive nature of the information requested, please refer to the instructions below to ensure the series points of contact are able to validate the request.

- \* When reaching out to a point of contact for additional information, whether by email or phone, please provide the NCMEC **TA Report #**, seen on the next page.
- \* If the request is made via email, please use your Agency email account or the same email account provided to NCMEC/Child Victim Identification Program at the time of request. Please make all attempts to not use personal email accounts such as Yahoo, Hotmail, AOL or Gmail. These personal accounts may be regarded as spam by some filtering programs, and may be viewed as "an unofficial request" by the recipient.

Adhering to these guidelines will allow the series points of contact to validate and respond to your requests quickly.

CVIP recommends requesting an affidavit from the law enforcement point of contact as the first step in verifying the image.

Based on the demands placed on series point of contacts, *we ask that you reserve serving a subpoena as a last resort.*

Within the Child Identification Report, you will find fields titled "State" and/or "Country". This information indicates the jurisdiction where the image/video files were produced and is provided to demonstrate the distribution of files. Additionally, "Multiple Jurisdictions" indicates multiple victims and/or jurisdictions of production while "Unknown Jurisdiction" indicates that CVIP has not been provided this information. All information regarding the distribution of files should be verified by the series law enforcement point of contact.

Please contact CVIP at [cvip@ncmec.org](mailto:cvip@ncmec.org) or 1-877-446-2632 ext. 6705 with any additional questions.
